

ISHA NEGI

Digital Growth & Web Experience Leader | Driving SEO, Conversion & AI-led Marketing

ishanegi18@gmail.com | www.ishanegi.com | <https://www.linkedin.com/in/ishanegi18/>

ABOUT ME

Digital Growth professional with a strong foundation in web development, now focused on AI-driven marketing and customer experience. I bring 5+ years of experience optimizing websites for performance, SEO, and conversion, while building scalable systems that support modern marketing teams.

My work sits at the intersection of technology, data, and growth, where I leverage AI to enhance content strategy, automate workflows, and improve user journeys. I'm particularly interested in building intelligent, high-converting digital experiences that drive sustainable business growth.

CORE EXPERTISE

- Digital Growth Strategy & Web Optimization
- Technical SEO & Performance (Core Web Vitals)
- Conversion Rate Optimization (CRO)
- Headless CMS & Content Platforms (AEM, Contentful, Kentico, Shopify, StoryBlok, Hubspot)
- Marketing Automation & CRM (HubSpot)
- AI-assisted Content & Workflow Optimization
- Web Analytics (GA4, SEMrush, Ahrefs)
- Cross-functional Leadership (Design, Marketing, Dev)

PROFESSIONAL EXPERIENCE

Web Developer / Digital Experience Owner – Gravitee
India | Jan 2026 – Present

- Own end-to-end website strategy, performance, and optimization, aligning web initiatives with marketing and growth goals
- Improved Core Web Vitals and site performance, enhancing user experience and SEO rankings

- Led technical SEO audits using GA4, SEMrush, and Screaming Frog; translated insights into actionable improvements driving organic visibility
- Built scalable headless CMS modules, enabling faster campaign launches and improved content flexibility for marketing teams
- Streamlined Figma-to-development workflows, reducing iteration cycles and accelerating go-to-market timelines
- Managed HubSpot integrations and lead capture systems, ensuring accurate data flow and improved marketing attribution
- Partnering with marketing teams to enhance conversion flows, landing pages, and user journeys

Frontend Developer – Whirlpool (Canada)

Toronto | Dec 2023 – Dec 2025

- Delivered high-impact marketing campaigns, landing pages, and promotional experiences on AEM & Contentful
- Contributed to improving customer experience and engagement through responsive, performance-optimized web interfaces
- Collaborated with cross-functional teams (design, QA, marketing) to launch campaigns aligned with business goals
- Resolved UX and performance issues, improving site stability and user satisfaction
- Supported digital campaign execution at scale for a global e-commerce brand

Frontend Developer / Web Designer – Jonas Software (Canada)

Markham | May 2023 – Nov 2023

- Led **end-to-end website delivery** for multiple clients using Kentico CMS
- Acted as a **client-facing consultant**, translating business requirements into scalable digital solutions
- Designed and prototyped **user-centric experiences**, improving usability and engagement
- Managed multiple projects simultaneously, ensuring timely delivery and alignment with client goal

E-commerce Developer – Mosaic(Canada)

Toronto | Jan 2023 – Apr 2023

- Built and optimized Shopify storefronts, improving site performance and user experience
- Integrated third-party systems for payments, shipping, and inventory, enhancing operational efficiency

- Developed custom features (filters, cart enhancements) to improve conversion and usability

Website Developer Intern– Fandom Realm

Mumbai | Jan 2019 – Jan 2021

- Developed and managed a WordPress-based e-commerce platform, supporting business growth
- Built custom features and dashboards to improve user engagement and site functionality
- Designed wireframes and prototypes to align business needs with user experience
